

DWG 1. Yale Road - Airport Road Intersection: TCP PHASE 1

Traffic Control
Person on site to
assist pedestrians
through work zone.

Work Zone (green):
Pedestrian
crosswalks and
sidewalk access will
be maintained and
delineated from
work zone.

Straight-ahead
pavement marking
arrow covered.
Taper allows room
for left-turning
trucks to swing
wide into closed
lane.

Barrels are shown
on drawing to
differentiate tapers
from other
delineation.
Tubular markers
may be used in all
cases at existing
posted speed limit,
as per manual.
