

The Neighbourhood Grant Program

Youth Engagement Projects Grant

What is the Youth Engagement Projects (YEP) Grant?

The YEP Grant offers matching funds of up to \$1,000 to help youth put their ideas to engage their community to action! It is available to groups of two or more youth (ages 13-24) from different households in Chilliwack.

What is a matching grant?

If your application is accepted, you would then send us a list of contributions, donated materials, or volunteer hours and the City will match that in funds.

What are the focus areas?

Your project idea should fit at least one of these focus areas: inclusion, education, aesthetics, leadership, safety or relationships.

Do I need experience to apply?

Not at all! Our Community Coordinator will be available to guide you through the process, from applying for the grant, to planning and carrying out your project.

How do I apply?

Visit our website at chilliwack.com/neighbourhoodgrants, select the YEP Grant and fill out an application online.

Still have questions?

Contact our Recreation and Culture Department at 604.793.2904 or recreationandculture@chilliwack.com and we'd be happy to answer your questions or help you work through your application in an accessible way!
